1	From The A.R.P Controller Bath Letter no A.R.P. 620/41.42 dated 21st Aug. 42 requesting sanction of govt to the installation immediately of certain telephones for Sector Wardens Posts.

1) So far 23 Sirens have been purchased and sanction has been conveyed recently to the purchase of 3 more Sirens. Sanction has been accorded to the purchase of 50 cycles for Warden Posts. The ARP Controller has requested sanction to the installation of 24 phones immediately and has stated that a further list will be sent after he is personally satisfied about the necessity for the other posts. He has suggested disconnecting certain private telephones if instruments are not available. Submit for perusal and orders.

Secy. may perhaps be consulted if it is possible to instal these phones without disturbing private subscribers.

1) The time has arrived for equipping the A.R.P. sectors with independent phones so that practices may be held in reporting "incidents". The crux of the A.R.P. system is the efficiency of its information branch without which the rest of its activities will be paralysed. I think private phones will have to be selected for distribution to A.R.P. working centres and as a beginning 25 of the private connections may be selected. It is now more than one month since the general notice was given on 17.4.42. There is no objection (legal) for disconnecting such system as we select. Ten will be ample for the present.

I have the honour to state that though a proper organisation of the public warning system is the first essential of A.R.P., it has yet not been organised ful (1) Separate action is being taken to increase the number and the power of the Electric Sirens and to redistribute them, so that they may be heard over all the areas in the City. (2) Separate action is also being taken to equip each warden's post with a bicycle and messenger, so that he may communicate quickly with the area wardens and so that they may also serve as an alternative means of communication with Divisional Wardens when the telephone system fails. (3) It is very necessary that each Sector Warden must have a telephone installed in the Warden's Post. Wherever possible, Wardens' Posts are located in places where telephones are already installed and some of the Secto Wardens have their own telephones. In the other Sectors, Wardens were advised to make use of any telephone nearby whether public or private, but this is attended with many inconveniences. In the first plac telephones in shops are not available during nights;

those in houses may not be available on grounds of privacy; and some private gentlemen are not willing to make their phones available at all. There have also been instances where private business has had to be allowed precedence over A.R.P. work.

I think therefore the time has arrived for installing independent telephones in all the Sector Wardens' Posts. I note below a list of the posts where it is very urgently needed and where it is being repeatedly asked for, for some months now.

SPARE COPIES.....

I have the honour to invite kind reference to letters No.A.R.P.620/41-42 dated 26th May, 1942 and 3rd July 1942, addressed to the Secretary to Government, Electrical Department in the matter of installing phones at Wardens' Posts and to state that pending installation at all the Posts, it is very necessary that a 'phone should be installed immediately at the Home School, Basavangudi.

I inspected some of the A.R.P. Sectors this morning and found that there was not even standing accommodation in the Wardens' Post No.12, Basavangudi. The Wardens' Posts must generally have sitting accommodation for the Warden, his Deputy and a couple of messengers with bicycles, besides a party of first-aiders. It should also be capable of holding the necessary furniture. There is generally a Fire Party also attached to each Wardens' Post with a leader and 2 persons with their equipment, namely, buckets, stirrup pumps and sand bags. First Aid Kit and atleast a couple of stretchers have also to be kept at the Wardens' Post. Accommodation for all these is readily available only at the Home School nearby

nearby, and Miss Robinson has also kindly agreed to make the accommodation available. But there is no use in shifting the Warden's Post there unless a telephone is firs installed. In fact the only consideration in selecting the present place in Mr.C.M.Garudachar's Garage, was the convenience of the 'phone, and if the Post is shifted to the Home School without the 'phone, this advantage will be lost.

The Home School is also one of the First Aid Centres selected. Miss Robinson has taken pains to collect donations in kind for the Fist Aid Post and is one of our most enthusiastic workers. The telephone would serve the First Aid Post also in an emergency. I request therefore, that orders may kindly be issued to instal a 'phone in the Home School immediately, pending orders on the general question of installing 'phones at all ~~the~~ Wardens' Posts.

I have the honour to be,
Sir,
Your most obedient servant,

Letter No.A.R.P.620/41-42 dated 1st/2nd July 1942, from the A.R.P. Controller, Bangalore City, to the Superintendent, Power & Light, Bangalore.

Adverting to your D.O. letter No.41 dated 13th June 1942 in the matter of sending a map of Bangalore City showing the A.R.P. Wardens' Posts etc. in connection with the installation of telephones, I have the honour to forward herewith a map showing the Division of the City into North, Central and South, the sub divisions into sectors and the location of the Wardens' Post for each sector. I also enclose three lists showing 1) the wardens' posts with telephones of their own, 2) Wardens' Posts with a phone nearby and 3) Wardens' Posts which have no telephone conveniences whatsoever.

It will be seen that there are only 4 Wardens' Posts with telephones in each of the Central and North Divisions and only 3 in the South Division and that in the South Division most of the other sectors have got at least phones nearby, except for the Lalbagh whence it was recently removed. It is the North Division that has got the largest number of posts with no telephone convenience whatsoever and outlying places like Palace Guttahally, Srirampur and Yesavanthapur require phones urgently.

GOVT. OF MYSORE.

The Chief Secretary to the Government of Mysore,
BANGALORE.

Sir,

TELEPHONES FOR A.R.P.

With reference to correspondence ending with your letter No.67/W dated the 7th instant, I have the honour to state that the A.R.P. Controller has furnished the following list of places for the Wardens' Posts where telephone conveniences are not available and have to be provided.

	Serial No.	Sector No.	Location.
North Division.	1	4	Upparahally.
	2	6	Mission Compound.
	3	13	Malleswaram.
	4	14	-do-
	5	16A	Link Road, Malleswaram.
	6	16B	Mohamaden Block, Malleswaram.
	7	18	Palace Guttahally.
	8	19	Srirampur
	9	20	Yesvantapur
South Division.	10	11	Lal-Bagh.
Central Division.	11	7	Gowdenpet
	12	9	Municipal Gardens.
	13	11	Old Tharagupet.
	14	13	Balepet.

P.T.O.

Out of these, serial nos. 1 to 7, inclusive, 9 and 13 can be serviced by disconnecting any of the telephones, as sufficient number of outlets are available in the junction boxes in the locality. In the case of Sl.No.3 and Sl.No.5, overhead line of a length of ½ mile and ¼ mile respectively will have to be run. In the case of Sl.Nos.8, 10, 11, 12 and 14, the installations cannot be serviced even though necessary numbers are made available by disconnecting private phones, as the nearest junction boxes where terminals are available are at a distance of more than a mile requiring overhead line of more than a mile with new poles costing not less than about Rs1500/- per mile. Hence out of the 14 telephones required by the A.R.P. Controller, only 9 telephones can be serviced without incurring considerable expenditure.

As spare numbers are not available, I am enclosing herewith a list of private telephones that could be disconnected in the order of importance. The telephone subscribers mentioned in this list have got two telephones each, one in their shops and another in their residences. The numbers mentioned in the list are in their residences and I am of the opinion that one of the two telephones could be disconnected causing the least amount of inconvenience leaving the choice to the subscriber either to surrender their shop number or the residence number. This list may be considered as the first list of disconnection that could be effected with the least amount of inconvenience to the subscribers. Nine of these phones can be disconnected for installing the phones on the Wardens' posts where at present no telephone conveniences are available in accordance with the letter of the A.R.P. Controller, No.620 dated the 1st instant.

I have the honour to be,
Sir,
Your most obedient servant,

General Superintendent, CPS. 8/)

Letter dated 14th July 1942, from Mr. P.Sivashankar, B.A., LL.B., Divisional Warden, Southern Division, Bangalore City, to the A.R.P. Controller, Bangalore City.

At a meeting of the Group Wardens held on 13-7-42, it was decided to request you kindly to hasten the appointment of paid wardens and messengers without which the honorary workers are being very much handicapped. Every Wardens Post should be provided with a telephone as early as possible to enable each Sector to function effectively not only during the practice but also during an emergency.

S i r,

Subject:- Automatic Telephones - their disconnection for Military, A.R.P. and other purposes.

With reference to correspondence ending with your letter No.1788 dated the 22nd July 1942 on the above subject I have the honour to state that Government have been pleased to lay down the following general instructions and to request that the Automatic Telephones may be disconnected in the undermentioned order whenever phones are required for Military, A.R.P. and other national purposes in future.-

1. Government phones still retained for non-essential purposes such as

(i)	Advocate General - Residence.	No.2087
(ii)	Central College	No.2052
(iii)	Comptroller's Office (Special Section)	No.2635
(iv)	Confidential Branch, G.R.S.	No.2078
(v)	Director of Agriculture (Residence)	No.2330
(vi)	Director of Industries and Commerce (General) (May be replaced by a link)	No.2004
(vii)	District and Session Judge, Bangalore, - Court	No.2219
(viii)	District Loco Superintendent (General) (May be replaced by a link)	No.2632
(ix)	Superintendent, Public Health Institute	No.2048
(x)	The Forest Reseach Laboratory (May be replaced by a link from I and T Laboratory)	No.2693

(May be given a link from Factory No.2651)

(xiv) The Intermediate College, Bangalore. — No.2215

(xv) The Silver Jubilee Technological Institute. — No.2126

II. ELECTRICAL DEPARTMENT PHONES.-

The 'B' and 'C' Electrical Stations may have connections from the Civil and Military Station Exchange and those two numbers in the City Exchange may be released for being connected to Cantonment numbers. They may also be connected by Departmental (magneto) phones with the Electric Offices.

III. PRIVATE CONNECTIONS OF CUSTOMERS WHO ARE ONLY CASUAL VISITORS AND NOT PERMANENT RESIDENTS.-

These may be removed next e.g. the phones given to --- Mr. S. S. Vasan, and Mr. K. Sreenivasan of the Hindu. The latter may be given a link from his office when he is in Bangalore. The Directors of Mysore Spinning and Manufacturing Co., and the Minerva Mills may be given a link from Mr. Devarao Shivaram's phone when they are here.

IV. PRIVATE TELEPHONES USED BY CONSUMERS ON NON-ESSENTIAL PURPOSES:-

Telephone connections to Cinemas, ordinary shops etc., may be disconnected by the General Superintendent, Cauvery Power Scheme after careful consideration as need arises, under his powers under the defence of India Rules. If the consumers consider that the General Superintendent's decision is not acceptable to them, they may appeal to Government and Government on receipt of such appeal may pass such orders as may be necessary if and when an interference is called for.

Government direct that only nine telephone connections may be given to A.R.P. as most of the phones will be required for ---

for military purposes.
